MY PORTFOLIO

https://github.com/PotatoZip

LANGUAGES

- English C1
- Polish (Native language)

CERTIFICATES

- **EPAM:** Introduction to Automated Testing in Python

HOBBY

I really enjoy building custom computers, expanding my knowledge of them and other technological topics. In my free time I do sports and play video games. From time to time I also tutor mathematics.

WIKTOR ZMIENDAK

STUDENT OF COMPUTER SCIENCE

PROFESSIONAL SUMMARY

I am an ambitious and motivated cybersecurity student with a strong passion for technology. Alongside my studies, I constantly explore new technologies and advancements, both in software and hardware. I am actively seeking opportunities to gain hands-on experience in the tech industry, and I am eager to expand my skill set and learn new things.

SKILLS

Programming Languages:

- **Intermediate:** Python
- **Basic:** C / C++, Java, C#, SQL, HTML, CSS

Frameworks: Django (basic), React (basic)

Tools & Technologies: Git, Docker, Linux, JIRA, VS Code, Github

MY RECENT PROJECTS

Expense Manager | *C++, Windows Forms .NET, Visual Studio*

GUI application that simulates a virtual wallet

Implemented features:

- CRUD operations on financial records,
- tracking changes in wallet,
- basic data analyses.

Repository: https://github.com/PotatoZip/Expense-Manager

Event Organizer | *Python, Django, Visual Studio Code*

Web application for organizing upcoming events

Implemented features:

- user registration,
- creation of thematic posts,
- comments section.

Future development: scheduling of events, better graphics design

Repository: https://github.com/PotatoZip/EventOrginizer

EXPERIENCE

Giganci Programowania - Programming Trainer 2024 - present

- teaching children the basics of programming in languages like python and scratch,
- preparation of teaching classes and educational materials.

Unit Unicorn - Intern Software Developer 2024 - present

- work on the development of a web app for records management,
- leading the team responsible for functionality and design of the app.

EDUCATION

Cracow University of Technology

Degree: B.Sc. in Computer Science 2022 - present
